Come, Contribute to the Cause of Educating Orphans & Destitute

History :

At the close of the 19th century Swami Vivekananda returned from West, full of ideas for a resurgent India. His foremost task was to find a remedy to poverty, illiteracy and affliction among the teeming population of India.

While calling upon the youth to dedicate themselves to the service of the Motherland he said "You have read 'मातृदेवो भव पितृदेवो भव' Look upon your mother as God, look upon your father as God, But I say, 'रत्नदेवो भव मूर्खदेवो भव' Look upon the poor, the illiterate, the ignorant and the afflicted – let these be your God. Know that service to these alone is the highest religion". "The only service to be done for our lower classes is to give them Education, to develop their lost individuality."

Dedicating to this onerous task, in service of orphan & destitute children eager for education, the Ramakrishna Mission Students' Home was started in 1905, providing free board, lodging and education under typical Gurukula system. It consists of a Residential High School, a Residential Polytechnic College.

From all over Tamil Nadu students are admitted into Home without any caste or creed. Many of them are hailing from rural areas and also the first generation in their families for higher studies.

The Home is also running a non-residential primary school for the benefit of the poor boys and girls of the locality.

Background :

While the Technical Institute was providing a single diploma course in Mechanical Engineering, it was decided to expand the activities as part of the centenary celebrations in 2005. Consequently the Institute provided two new courses viz Diploma in Automobile Engineering and Diploma in Computer Engineering.

In the first phase of this project, all the necessary building facilities were planned

and successfully accomplished with the help of 100% tax exemption to our donors under 35AC of Income Tax Act 1961, at a cost of Rs.5.28 crore. As a result, 272 boys are additionally admitted into the Home and are being educated in these two new courses, totally free of cost.

Appeal :

In this second phase of the project, the Home now looks forward to donors for the additional expenditure of educating these boys, comprising not only their food, clothes and the maintenance costs etc., but also to cover teachers' salary as per norms. This comes to Rs.1.33 crore annually. **A Corpus Fund to be created to meet this annual expenditure is Rs.17 crore.**

The Government of India has again come forward to our help, by according 100% tax exemption to our donors under 35AC of IT Act 1961 for raising this corpus fund, out of whose interest, the additional expenses will be covered. We appeal to all the philanthropic public to donate liberally to this noble cause.

Salient Features of the Free Technical Diploma Education :

- ★ Poor Orphan or Destitute Boys are educated irrespective of caste, creed or religion.
- ★ Many are first generation learners from rural areas or slums from various parts of Tamilnadu.
- ★ Technical education is completely free with free boarding, lodging and other educational & maintenance expenses.
- ★ Man Making and Character Building education as envisaged by Swami Vivekananda under typical Gurukula system.
- ★ Study in Diploma in Automobile or Diploma in Computer Engineering.
- ★ 'Training' in well equipped Laboratories and Workshops by experienced faculty.
- ★ ALL boys are employed through campus interviews in various leading industries after completing their studies.
- ★ Thus they are able to stand on their own legs.

SPONSORSHIP FOR FREE TECHNICAL DIPLOMA EDUCATION

(100% INCOME TAX EXEMPTED U/S 35AC OF I T ACT 1961) - CORPUS FUND FORM
